## Legality Of Rollins Position In Hands Of City Solicitor

### COUNCILMAN IS SERVING SALEM WITHOUT PAY

Believes He Should Get Salary For Recent Activities

### AUDITOR REFUSES TO ISSUE CHECK

Other Solons Commend Rollins For Work With Body

City Solicitor Cecil K. Scott was instructed by city council last night to conduct a thorough investigation and submit a written ruling of the case of Councilman Frank Rollins, Salem solon-janitor, whose salary has been withheld by City Auditor Helen Woerther since he entered office Jan. 1, 1928.

### Serves For 14 Months

"I have served council for almost 14 months, and when the question as to my eligibility was first brought up, I resolved that I would stay here until it was definitely proven that I had no right to hold the post. This has not been done, and I have received rulings from the attorney general of the state that the case was a matter for the solicitor and council to decide," Rollins declared.

"I am not saying that I am going to resign. I only say that the amount of work given over to the sewers committee is certainly deserving of compensation," he continued.

Rollins is chairman of the sewers and sewage disposal committee, and has been active in work done by this body, since taking his seat last year. Question was raised when he first ran for office as to his eligibility, due to his post as janitor of the Prospect school, and Miss Woerther, following a ruling on the affair by former Attorney General Edwin C. Turner, which declared that a janitor of a public school cannot act as councilman, and is not entitled to pay as such, withheld his monthly paycheck.

### Adler Makes Statement

Adler, in making the motion that the claims committee and Scott take up the case for thorough and detailed investigation, commended Rollins for his work as solon, and declared that he should receive the same "small compensation" that other members of the body do.

### STARK OFFICIAL LEAVES POSITION

Fund Shortage Reported; Covered By Check On Deposit With County Commissioners

Canton, O., Feb. 20.—John M. Boyer resigned today as superintendent of the Stark county workhouse, on the eve of an announced report from state examiners which would have shown he was delinquent in accounting for approximately \$25,000 in county funds.

### FOOD COSTS IN LOW DECREASE

Prices Are 57 Percent Higher Than In 1912 Despite Present Drop, Government Figures

Washington, Feb. 20.—The retail price of food is coming down slowly, a decrease of slightly more than three-fourths of one per cent taking place in January as compared with December, the department of labor announced today. There was a decrease of about one-third of 1 per cent in January compared with January a year ago, while there has been an increase of 57 per cent since January, 1913.

#### "Devil Fast" Nears End On Fortieth Day; Position Lost

New Hampshire, O., Feb. 20.—Fred Conrad, today began the 38th day of his "devil fast" to "drive the devil out of his father," George Conrad, apparently unshaken, despite his loss of 60 pounds.

Young Conrad's father denied today that he had joined the church, or intended such an action, when told of published stories that he had capitulated and become a Methodist so that his son would resume his normal eating.

### TRAIN WRECK IS FATAL TO THREE

Short Illinois Route Scene Of Accident; 60 Are Injured

Peoria, Ill., Feb. 20.—Three men were known to have been killed and from 60 to 75 injured, some of them critically, when a switch engine crashed into a Peoria Terminal railway passenger train at South Bartonville, six miles south of Peoria, today.

The men were miners and employees of the American Milling Co. on their way from their homes in Peoria to work.

First reports were that about 60 men had been killed, but a hurried check-up revealed only three known dead.

Great confusion prevailed at the scene of the wreck, which was near the plant of the American Milling Co., where many of the men work. The switch engine crashed into the train at a crossing.

### INSPECTION TRIP FOR LINDBERGH

Mechanics Groom Plane For Trip Over Nation; Meets Mother On Liner; Discusses Plans

New York, Feb. 20.—With a battery of mechanics working over his plane at Curtiss field, there were indications today that Col. Charles A. Lindbergh was planning an early hop-off, possibly today or tomorrow, on his Trans-continental Airways inspection trip.

### Cleveland Police Arrest 24 In Raid

Cleveland, Feb. 20.—Twenty-four men were under arrest here today, charged with taking part in a dice game last night. They were taken when Sergeant John Palecek and a squad of police raided the alleged game, said to have been in progress in a house on the East Side. William Lynn, alleged proprietor of the house, was also charged with violation of the liquor laws.

## DRUNKENNESS INCREASING IN EUROPE

Advices from Moscow are to the effect that the authorities there are very greatly concerned over marked increase in drunkenness and that the newspapers of the city have begun a vigorous campaign of propaganda under the auspices of the League for the Suppression of Alcoholism. One of these, *Work*, the organ of the labor federations, states that Moscow annually expends 100,000,000 rubles—about \$50,000,000—for vodka, which, at present prices means about three-fourths of a bottle weekly for every man, woman and child in the municipality.

A still more distressing situation from a temperance viewpoint is brought out by statistics presented by the same newspaper, which show a most alarming degree of juvenile drunkenness. Of several thousand children between the ages of eight and sixteen attending the public schools, fifty-five percent drink vodka occasionally and fifteen percent drink regularly and are often drunk.

Vodka, it may be said in passing, is one of the most powerful beverages known to civilized man. It is even quicker than Mexican pulque in its intoxicating effect. Compared to the poison distributed by the gentlemanly bootleggers to our "good law-abiding citizens," it is decidedly mild.

Work, the paper heretofore quoted manifestly attempts to discount the figures a bit by offering figures on drinking in the public schools of Berlin, Amsterdam and Budapest, which go to show that conditions in those cities are even worse than they are in Moscow.

It has been frequently set out in print and by word of mouth by the champions of wetness that prohibition is chiefly responsible for the drinking of alcoholic beverages in this country. No doubt it is responsible for some of the intemperance from which we suffer, especially for that among the well-to-do—or those who would have us believe that they are well-to-do and attempt to prove it by buying liquor at present day prices, and the half-baked element of the younger generation which thinks it smart to drink. There is that human trait which impels some people to do that which they are told they must not do which may be traced back to the fall of man in the Garden of Eden. Prohibition no doubt has strengthened that trait and caused many to drink who may never have thought of drinking prior to the enactment of the Volstead law. But prohibition will not explain the shocking conditions in Moscow or, if we are to credit the reports from that city, the still worse conditions in Berlin, Amsterdam and Budapest, for the very simple reason that none of them has prohibition, or even as much as a thirty-second cousin to it. Nor will prohibition explain the disgusting exhibitions caused by drunkenness in London, Glasgow and many other European cities.

And prohibition does not explain the greater part of the drinking done in the United States, aside from such as is done by the two classes mentioned. It is the effect of alcohol upon those drinking which is still responsible for the greater part of the drinking done in this country today, and the appetite is very probably augmented by the extreme tension of present-day life, by the fast pace at which we of today are traveling.

And it is very possible that less intoxicating liquor is being consumed today than before the Volstead law went into effect. It is very possible that we assume that there is much more because of the added publicity being given liquor as a result of the recording of the activities of the rum-runners, bootleggers and other offenders against the prohibition law and the effects of federal, state, county and municipal officers to enforce the law.

And, lastly, it is not the prohibition law which is responsible for all

this publicity, but the violation of it. When the assumedly decent elements of our citizenship will cease to be parties to law violation this unusual degree of publicity in connection with the liquor evil will cease, for it is within their power to end the activities of the rum-runners, bootleggers and blind-tiger keepers. And when, if ever, that time comes there will be more general recognition of the extent of the blessing prohibition may prove to a land.

## What Others Say

## OKLAHOMA GOVERNORS

In Oklahoma the impeachment of the governors seems to have become an established custom. Three of the state's chief executives have been impeached in recent years. Does the state elect particularly unfit men or is impeachment part of Oklahoma's ordinary political drama? Opinions on this point differ.

Thirteen months ago the supreme court of Oklahoma thwarted an effort to impeach the present governor, Henry H. Johnson, at a special session of the legislature, but now the legislature is regularly in session and the old charges against the chief executive have been revived and some new ones added for good measure. Eight articles of impeachment thus far have been voted by the popular branch of the legislature. The governor is accused chiefly of making illegal appointments, of improper use of his official prerogatives, or corrupt favoritism and of abuse of the pardoning power.

To make the case the more bizarre it is charged further that the governor is a weakling and an erratic person dominated by his secretary, a woman of force and a mystic who belongs to an Oriental cult. The secretary is not on trial, but the senate has been investigating some of the alleged corrupt transactions in which she is said to have played an active part.

Oklahoma's popular sport of impeaching its governors readily may become a demoralizing pastime. Suspicion that factional politics rather than devotion to law and justice has prompted some of its past impeachment proceedings at least should have the effect of inducing the senate to give Gov. Johnson a conspicuously fair trial. And failure to impeach an occasional governor might tend to induce better men to seek that office in Oklahoma.—Chicago News.

## The Stars Say

For Thursday, Feb. 21

VERY lively and important day is the augury based upon two interesting stellar configurations. These point to large and decisive negotiations and operations with leading organizations, and may involve far-reaching and radical change. Travel, reversed plans and new surroundings are probable, but with it all, seemingly of advantage there is a figure warning against extravagance, hazardous use of funds and ambitions not wholly satisfied.

Those whose birthday it is are assured an interesting year, of initiative, new ventures and possibly radical change in environment and business connections. These may bring great benefits, but only if extravagance, hazardous use of money and a general tendency to "plunge" or speculate be avoided. A child born on this day may be splendidly endowed in talents and qualities for large adventure and enterprise, but it should be given early training in thrift, prudence and conservative management of its substance.

Great things through great hazards are achieved, and then they shine.—Beaumont and Fletcher.

## Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches rub on good old Musterole.

Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister. First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers: Musterole is also made in smaller form for babies and small children. Ask for Children's Musterole. Jars & Tubes

## THREE THINGS WHICH WILL LENGTHEN LIFE

BY ROYAL S. COPELAND, M. D.  
(United States Senator from New York)

What do you look upon as the fundamentals of good health? Before you read further, shut your eyes and make up your mind what these fundamentals are. Suppose you write and give me your conclusions.

Not long ago I read a book about health. The author named what he regarded as the fundamentals. He expressed his view that these are three:

Fresh air.  
Rational diet.  
Wholesome exercise.

To have a really healthy body, an efficient body, a disease resisting body, all three of these fundamental things must be found. Not one of them can be omitted. You just can't leave off one of them.

To have good health there must be abundance of fresh air. The diet must be well chosen and eaten properly. You cannot neglect exercise. A full diet without sufficient exercise is followed steadily by increase of weight. Likewise, extra pounds are taken on if too much of the wrong food is taken. Overeating is one of the most serious of human ills.

I often say that I cannot see why so many high-minded persons get so excited over intemperance in drink and are so silent about intemperance in eating. It is the cause of many of the diseases of middle and advanced life. Perhaps I may say it is the chief cause of the preventable diseases.

The trouble with most of us is that we mistreat our bodies. Somehow we appear to value the car we own more than we do our own health. It is certainly true that we give more attention to the automobile than we do to our bodies. We look the car over every day. It may be only once a month we give a thought to the machinery of the body.

Before you can get a license to run an automobile, you must be examined by the public authorities. Yet you are permitted to run the most precious machine in the world even though you are ignorant of, or wickedly indifferent to its make-up or needs.

Funny, isn't it?

If we did use, in caring for the machinery of our bodies, one-half the good sense we apply to the care of the automobile, the mortality rate would be reduced at once. The span of life would be increased.

I wish I could impress upon you how essential it is to your welfare that you should determine what are

## SLUGGISH LIVER KEPT HIM TIRED

Biliousness, Sour Stomach and Constipation Were The Result

Mr. Michael Pauline, 125 Franklin Ave., Salem, Ohio says that he can highly endorse this Indian Herb Remedy, Owa-Ton-Na. He says: "For several years, I have been troubled with a very sluggish liver, and was frequently troubled with bilious attacks, gas and bloating spells. I always had that tired, worn out feeling.

"At times my joints would ache, causing me a great deal of discomfort. Somehow that Owa-Ton-Na seemed to be just what I needed as I was surprised at the results I got even from one bottle. It certainly does cleanse the system. My constipation has been greatly relieved and that tired, worn out feeling is gone. It seems to get right at the hold of the liver and wake it up, for I know mine is acting a great deal better.

"Anyone who is suffering with a condition like mine certainly should not hesitate in trying this great medicine."

Thousands of cases similar to Mr. Pauline's have reported what won-

derful results they have received from this Indian Herb Remedy. You too, will be rewarded with a renewed feeling of health when you try it. The good it does stomach, liver and kidney troubles; constipation, rheumatism and nervousness can only be appreciated by a trial, and it is certainly worth that. Why not call today at Fleming's drug store where Owa-Ton-Na is being featured? Take home a bottle and learn for yourself the difference even one bottle will make in your condition. Owa-Ton-Na is also obtainable at the J. H. Lease drug store and the Bolger & French drug store.—Adv.

### TRAVELERS CLUB

J. S. Alan, superintendent of the public schools, gave an interesting talk on "Death" at a meeting of the Travelers club Tuesday afternoon at the Memorial building.

Five members of the Book club presented a clever playlet, "Sardines," which was much appreciated. The cast included Mrs. C. C. Wilkinson, Mrs. A. W. Glass, Mrs. Roscoe McConner, Mrs. Robert Wilson and Mrs. E. I. Smith. Refreshments were served.

This enjoyable meeting was arranged by a committee composed of these members: Mrs. Orvil Hoover, Miss Myra Erwin, Miss Helen French, Miss Helen Greiner, Mrs. Hiram Greiner, Mrs. Lucella Harris, Mrs. W. H. Matthews, Mrs. Grant Woodruff.

In one week the members will meet again.

### LUTHERAN BROTHERHOOD

Twenty-two men were present at a meeting of the Lutheran Brotherhood of Holy Trinity English Lutheran church Tuesday evening at the church.

The devotionals were given by the pastor, Rev. G. D. Keister. The subject discussed was "The Important Festival Season of the Church Year."

It was decided to assist in the organization of a Brotherhood in the Community church at Austintown. Plans were made to organize a Brotherhood quartet.

### SURPRISE GATHERING

Mr. and Mrs. G. C. Greenisen, Depot rd. were complimented with a surprise party Monday evening at their home, the occasion celebrating their 25th wedding anniversary.

Cards were the main diversion of the evening and the guests brought edibles for a lunch. The honorees received several gifts.

There were about 30 guests, among them Mr. and Mrs. R. B. Halverstadt, H. A. Halverstadt, and Lester Halverstadt, Leetonia.

### LEGION AUXILIARY

There was a large attendance at a meeting of the American Legion auxiliary Tuesday evening at the Legion home, McKinley ave.

After the meeting a patriotic program was given and it was composed of these numbers: Select reading, "Respect the Flag," Miss Zella Mangus; song, "Star Spangled Banner." Lunch was served and Washington birthday appointments were favored. The next meeting will be in two weeks.

### QUOTA CLUB

Miss Agnes Wilson was appointed secretary of the Salem Quota club at a dinner meeting Tuesday evening at the Elks home.

The recent entertainment given by the club was a financial success. This surplus money will go to the educational fund of the club. It is loaned to Salem girls, seeking a higher education, without interest.

Mrs. J. W. Hendricks entertained with two piano solos.

### BRIDGE PARTY

Mrs. Walter Stanley, Damascus rd. and her mother, Mrs. A. J. Smilie, of Eaton, Colo., entertained a group of their friends at a bridge party Tuesday afternoon at the Stanley home, Damascus rd. Trophies were offered in the games and these went to Mrs. Dallas Keller and Mrs. J. M. Atchison.

### DIVISION I'S PARTY

Division I of the Ladies Aid society of the Presbyterian church will hold a colonial party at 2 p. m. Friday at the home of Mrs. K. L. Webster, Cleveland ave. with Mrs. H. G. Percival associate hostess. A large attendance is desired and the members are to take their anniversary bags.

### JOLLY GIRLS

The Jolly Girls club will meet tonight at the Emmanuel Lutheran church. The meeting will start at 8.30.

### JOLLY CHRISTIAN CLASS

The Jolly Christian class of the Methodist church, taught by Mrs. J. L. Culp, will hold a "kiddies" party at 7 p. m. Thursday at the home of Mrs. J. L. Culp, 61 Jennings ave.

## NO MORE FOOT MISERY

### ICE-MINT

A NEW DISCOVERY STOPS SORENESS AND ENDS CORN FOR GOOD

Just a touch or two with Ice-mint and your corns and foot troubles are ended.

No matter what you have tried or how many times you have been disappointed here is a real help for you at last.

You will never have to put a corn again or bother with bunion tape or plasters.

Hard corns, soft corns or corns between the toes just shrivel up and lift off so easy. It's wonderful. You feel no pain or soreness when applying Ice-mint or afterwards. It doesn't even irritate the surrounding skin.

This new discovery, made from a Japanese product, is certainly magical the way it draws out inflammation from a pair of swollen, burning, aching feet. Ice-mint imparts such a delightful cooling, soothing feeling to the feet that it just makes you sigh with relief. It is the real Japanese secret for fine healthy little feet. It is greatly appreciated by women who wear high heel shoes and by men who are on their feet all day. It absolutely prevents foot odors and keeps them sweet and comfortable.

Just ask in any drug store for a little Ice-mint and give your poor, suffering, tired, swollen feet the treat of their lives. It costs little and there is nothing better. Adv

### BANQUETS TEAM

The Seiberling Tires basketball team players were guests at a banquet given in their honor by the team's backer, A. W. Stoner, at Schafer's Green Room, Tuesday evening. The aggregation won the championship of the first half in the city league. Stoner was absent due to illness. Members of the team who were present were: Forrest Glasgo, Wilbur Lewis, John and Al Sanders, Fred K. Schuller, James Gregg and Carl Matthews.

### HONORS TWO

Mrs. Joseph Jekent, Canfield, and Mrs. G. B. Johnson, Youngstown, were honor guests at a party given by Mrs. Lorenzo Ingledue Tuesday afternoon at her home, Ellsworth rd. Five hundred was a favorite diversion and prizes were awarded Mrs. William McIlvaine and Mrs. David Arthur. Refreshments were served by the hostess.

### JUNIOR COURT

A meeting of the Junior order, The Rose, of the Women's Benefit association, will be held at 4 p. m. Thursday at the K. of P. hall, Chestnut st.

A Washington's birthday program will be given and dues will be collected.

### RUTH CIRCLE

A meeting of the Ruth circle of the First Friends church will be held at 7.45 p. m. Friday at the home of Miss Mary Herbert, Newgarden st. All members are asked to be present.

## VETO

(Continued From Page One)

fit the present situation, is recommended by him, as the proper manner in which council will be able to ascertain whether the majority of citizens favor the bill.

Council took no action whatever on his communication, City Solicitor C. K. Scott having ruled Tuesday morning that it must deliberate over the measure at least 10 days, then advised that it be brought up at a regular meeting, for whatever course the body might wish to take.

The mayor bases his attack that the bill is illegal on the fact that he has been unable to locate petitions for changes of seven of the streets to be affected by the ordinance. Under the Ohio General Code a petition must be submitted for all changes, which, Hiddeson says, has not been done in this case.

"The records as I have them, do not show a single petitioner asking for a change of name for Race st., Chestnut st., Goshen ave., Painter rd., Grant st., South Penn st. or South ave.," he stated in submitting an explanation of his statement that it was illegal.

He terms the project a "wholesale changing of names," and scores the statement, contained in the ordinance, which states that passage of the bill will not be detrimental to the city.

"The ordinance states that the change of names will not be detrimental to the general interests. This seems to me to be more the statement of an attorney ambitious to draw a legal paper, rather than to be based upon facts as held in public opinion. The wholesale changing of names obviously must entail a considerable expenditure upon the properties abutting thereon in addition to total loss of intangible assets, which are nevertheless valuable, though not visible," his letter declares.

He refers to this "intangible asset" as the business houses and factories with long established names, which he stated is an asset not to be measured in dollars and cents, but which is of great value to the property owners.

"Main st. has been Main st. for a hundred years or more. On it are all our banking institutions and many of our principal merchandising establishments. To change the name of this street immediately destroys, to a large extent, the vast sum spent in advertising the established location of places of business, the total loss of directories, stationery, public advertising signs, and the possible confusion of court records in years to come. I can see nothing but confusion of legal records by the wholesale changing of names as done in this ordinance," he explains.

He again scores it as unreasonable, in stating that the city is without funds to establish street signs and directory marks, and indicates that this will cause considerable economic waste and no end of confusion. In pointing out that the matter will be detrimental to the general interests, he states that all of the city's principal factories are located on Depot st.

"To say that the changing of the name of this street to any other name would not be detrimental to the general interests is certainly making a statement upon a matter to which there has been given very little serious attention," he states on the point.

Depot st. in the ordinance will be changed to South Ellsworth ave. There have been no petitions presented before council in opposition to this change, according to members of the body.

Law Suits Probable

That the city would be involved in a law suit were the names of certain streets altered, is another point in his explanation. Two taxpayers, he states, have served notice on him, that in the event the measure becomes a law and put into effect, legal steps will be taken to prevent the change.

Council's next regular session will be held Tuesday, March 5th. At this time the decision will be made whether Hiddeson's veto will be over-ruled, or whether, despite his opposition, it will be passed and become a part of the city's law code.

In the event that residents of the

city wish to have the matter brought up, as the mayor recommends, through a referendum, action will have to be taken within 30 days, through a petition containing signatures of 10 per cent of the city's taxpayers. This will be turned over to city auditor Helen Woerther, who, after ten days, will submit it to the county board of supervisors of elections.

This body will arrange the issue so that it will be brought before the city at the next regular election, which will be held in November.

(Continued From Page One)

publisher of the Canton (O.) News, Jacko is another "lifer."

Cold Brothers Fugitives

Deputy Sheriff Charles Williams and John Crumley discovered the half-frozen fugitives—McDermott and Jacko—as they huddled about a small fire in the tower of the Casparis quarry.

The officers rushed the men, expecting stout resistance, but with the temperature near zero, the desperadoes were too nearly frozen to resist.

It was known that earlier had covered up their tracks which caused the two to be captured. Deputies Williams and Crumley picked up their trail near the Gloria barbecue, Cambridge boulevard, and followed it more than two miles to the quarry.

McDermott and Jacko had hidden, during yesterday, in the Columbus dump on the west shore of the Olentangy river—less than a mile from the prison walls over which they slid to freedom.

The prisoners refused to talk when returned to the penitentiary and were obstinate in their refusal to explain where each had secured a small paring knife and dirty slickers which they wore over their prison garbs.

So disreputable in appearance were McDermott and Jacko that Warden Thomas was able to recognize only the former when the returned prisoners were brought before him.

It was learned that the fleeing desperadoes stole the automobile belonging to Charles Gardner, from the front of the Municipal golf course, shortly after dark. They abandoned the machine near the Gloria barbecue. Gardner, who had followed the two in another machine demanded they return his keys, and they meekly complied.

Gardner, who summoned the deputies, accompanied them when they took McDermott and Jacko into custody.

Before trying to make their getaway through the snow, the desperadoes entered the barbecue and gulped water as though they were dying of thirst.

### A Novelty Dinner for Washington's Birthday

This dinner is designed for ten guests, the host and hostess. Six courses are served, each pair of guests cooking one course and the host and hostess serving the dessert.

A bowl is passed around containing five slips marked variously "Relish, Soup, Fish, Roast, Salad." The women draw and each, with the assistance of her escort, must prepare a course she has drawn.

The invitations give warning with "Come in your second best gown and bring your apron," also "Come not later than quarter of six." Of course, the hostess has set aside materials for each course, serving dishes and all, but the girls have to use their own ingenuity in getting it together, which results in no end of amusement especially as far as the male helpers are concerned.

# MUTINY BREAKS OUT IN SPAIN

## Serious Results May Come With Artillery Force Uprising

Hendaye, Franco-Spanish Frontier, Feb. 20.—Mutiny, the second in less than a month, broke out in the artillery corps of the Spanish army today following publication of a decree dissolving that branch of the military service.

A group of artillery officers took command of the artillery school at Segovia. They seized the artillery barracks at Segovia, also.

The revolting officers seized heavy guns and massed them for action.

Troops, who joined the mutinous movement, swarmed through the streets of Segovia shouting:

"Down with the government."

All members of the Segovia artillery school gathered at the Segovia barracks.

The government at Madrid dispatched infantry regiments from La Granja to put down the mutiny.

The outcome is doubtful. Advice received over the border emphasize the seriousness of the situation. It is feared that heavy fighting may ensue owing to the tense feeling between the enraged artillery officers and the commanders of the loyal government forces.

# Father and Son Receive Great Results from World's Tonic

Suffered From Catarrh of the Stomach and Head For Fifteen Years

Never in the history of this city has a medicine been so widely discussed as World's Tonic. That it must be a preparation of unusual merit is proved by the enormous demand now shown all over the state.

In a recent interview with the World's Tonic representative, Mr. George Mott, of East Liverpool, O., said:

"I have suffered from Catarrh of the Stomach which has given me no end of worry and cost a great deal of time and money.

"I was told all my ills were due to catarrh of the bowels and stomach, and I know my liver was affected too. I can tell you this inflammation of the stomach was painful. I gradually lost in weight and strength and kept getting worse until I decided to try World's Tonic.

"World's Tonic has been a blessing to me as I have gained 35 pounds and I am feeling like a new man. The catarrh is getting better every day and I am now having my own use and I for his catarrh and blood. He is showing improvement."

Catarrh affects almost every organ of the body and will finally produce a condition known as systematic catarrh. The circulation becomes poor and all the organs suffer. The patient has a generally despondent feeling.

Sometimes catarrh resembles chronic malaria and again it resembles nervous prostration. The kidneys become affected also the bladder and stomach, then comes indigestion, kidney affections, which frequently cause backache, especially after arising in the morning, and other ills too numerous to mention. At the first sign of catarrh such as offensive breath, scabs forming in the nose, contracting colds easily, heavy, dull feeling in front of head, watering of the eyesight, hearing becoming affected, sense of smell and taste impaired, you should do something to check its course.

One of the most rational treatments is World's Tonic, the new systematic treatment that is intended to act directly upon the mucous membranes. First aid should come through the stomach, causing good digestion, and when this is accomplished good influence is sent to every part of the body. Get a bottle today at the J. H. Lease Drug Co., and all other good druggists.

# For a soapy, sudsy bath—use Melo

Like to have plenty of suds when you're bathing? Then don't bathe in hard water—city water as it comes from the faucet. Soap combines with the hard water, and forms a dirty ring around the edge of the tub. That's scum. And that's certainly not pleasant.

Hard water can be made soft. You just put Melo in the water and you have a very remarkable cleaner, with or without soap. Then watch the soap lather! Then watch the suds come! Then watch the scum go! Have you discovered how much more effective Melo makes soap? Get three cans today at your grocer's, for the kitchen, the laundry and the bathroom.

**Engineer Reports**

Estimates of City Engineer F. S. Barchhoff reported the city's cost of five of the streets as follows:

West Green, \$1,031.18; Euclid, South Penn. and South Union, \$4,244.60, and South Union, \$8,592.50. The property-owners' total cost for each of these streets will be:

West Green, \$7,691.69, at \$5.48 per foot frontage, and for Euclid, Penn. and Lundy, a total of \$34,261.21. Euclid, cost per foot frontage, \$5.55, and Penn., \$5.55, assessable foot frontage cost, \$5.79. South Union, property total, \$32,511.30 at \$6.10 per foot frontage.

City Solicitor Cecil K. Scott was instructed to prepare necessary legislation for final action on each of these streets, and was also asked to prepare sidewalk resolutions for the laying of walks on Bank st. at the request of Adler.

An estimate submitted by Engineer Barchhoff for the cost of constructing a sanitary sewer on Madison ave. from Evans to Maple indicated the total cost to property owners, \$3,462.64. The cost per foot frontage will be \$1.29.

SALEM ELECTRIC SUPPLY CO.

# Fuel system of the new Ford has been designed for reliability and long service

THE practical value of Ford simplicity of design is especially apparent in the fuel system.

The gasoline tank is built integral with the cowl and is unusually sturdy because it is made of heavy sheet steel, terne plated to prevent rust or corrosion. An additional factor of strength is the fact that it is composed of only two pieces, instead of three or four, and is electrically welded—not soldered.

Because of the location of the tank, the entire flow of gasoline is an even, natural flow—following the natural law of gravity. This is the simplest and most direct way of supplying gasoline to the carburetor without variations in pressure. The gasoline feed pipe of the new Ford is only 18 inches long and is easily accessible all the way.

The gasoline passes from the tank to the carburetor through a filter or sediment bulb mounted on the steel dash which separates the gasoline tank from the engine.

The carburetor is specially designed and has been built to deliver many thousands of miles

of good service. Since all adjustments are fixed except the needle valve and idler, there is practically nothing to get out of order.

The choke rod on the dash acts as a primer and also as a regulator of your gasoline mixture. The new hot-spot manifold insures complete vaporization of the gasoline before it enters the combustion chamber of the engine.

As a matter of fact, the fuel system of the new Ford is so simple in design and so carefully made that it requires very little service attention.

The filter or sediment bulb should be cleaned at regular intervals and the carburetor screen removed and washed in gasoline. Occasionally the drain plug at the bottom of the carburetor should be removed and the carburetor drained for a few seconds.

Have your Ford dealer look after these little details for you when you have the car oiled and greased. A periodic checking-up costs little, but it has a great deal to do with long life and continuously good performance.

# County Class "B" Tournament Will Open Here Thursday

## Close Battle Is Expected For Championship

Five Schools Enter Teams In Tourney to be Held At Salem Hi Gym

Competition in the annual Columbiana county Class B basketball tournament will open at the Salem High school gymnasium at 6:30 Thursday night, four games being scheduled for the opening round of play.

Drawings for the tourney have been made, and forecasts issued by followers of each team entered, indicate that action in the competition will be the most closely contested in years. Five boys' teams and four girls' aggregations have been entered.

Columbiana, Salineville, Fairfield, New Waterford and Rogers High schools have entered boys' teams, while all, with the exception of Rogers High, have also placed a girls' outfit into the tourney. Two games from each section will be played on the opening night.

**First Round**  
New Waterford will meet Rogers High, in the opening boys' struggle, at 6:30. Other games of the opening round follow:

Columbiana vs Fairfield (boys).  
Fairfield girls vs New Waterford girls.  
Columbiana girls vs Salineville girls.

The winner of the New Waterford-Rogers tilt will clash with Salineville in the championship game.

## SCOUT COLUMN

**TROOP 31**  
Jack Kerr has been elected secretary of Troop 31, Bay Scouts, to succeed Clair King, who resigned. Paul Borias has been chosen communicator between Troop 31 and national headquarters. His duty is to take care of all orders for Scout supplies.

At the last meeting of this troop there were 22 Scouts, one official and three visitors present. The troop led by Christian Roth, cheer leader, gave nine rahs for each of the new officers. Each patrol gave a demonstration of its patrol call and sang a few songs.

Scoutmaster Trisler put on a stunt which interested the boys. Members of the Panther patrol was dismissed early to do a good turn. The entertainment committee gave several bugle calls and read several chapters of an interesting book.

It was decided to increase the membership to 22 Scouts plus the officers and associate scouts.

Gordon Keyes was elected leader if the Fox patrol temporarily.

## "KONJOLA PROVED VERY MEDICINE I ALWAYS NEEDED"

"No Words Are Strong to Express My Praise," Says Lady Now Well Again

MRS. CECILIA COSTELLO

"No words are strong enough to express my praise of Konjola, for this splendid medicine relieved me of years of a complication of ailments that made life miserable," said Mrs. Cecelia Costello, 1095 G St., Lorain Ohio.

"Two years ago I suffered a nervous breakdown, the result of stomach and kidney troubles, a sluggish liver and inactive bowels. I grew steadily worse, losing in weight and strength. I was a bundle of nerves. Every day came headaches; my back ached all the time and my sleep was broken by night risings. I had just about abandoned hope of ever seeing another well day."

"While in this deplorable condition I started on Konjola. I had not been taking it a week when I knew my search for health was ended. Day by day my stomach and kidneys became better, constipation was relieved almost immediately and within three weeks I was a well and happy woman. No more headaches, no backaches, no sleepless nights, calm nerves and an appetite. Konjola was the medicine I should have had in the first place."

Konjola is sold in Salem, O., at J. E. Lease drug stores and by all the best druggists in all towns throughout this entire section—Adv.

Salineville, at 2:30 Friday afternoon. Finals for both girls and boys will start at 7:30. Friday night, the girls' game being scheduled to be played on first.

Wilbur J. Springer, principal of Salem High, and Davey Williams, Girard athletic mentor, will officiate the contests both days. Paul Stratton, faculty manager of athletics of Salem High has been placed in charge of the tourney, by H. C. Leonard, county public school superintendent.

**Salem Boys Coaches**  
Both New Waterford and Rogers High schools are coached by Salem High graduates. Lloyd C. Loop, East High at, having charge of Rogers' athletics, and E. F. Ackelson, coaching Waterford. In games played between the schools during the regular season each has been returned victor once in two games, so this third meeting, which will take place tomorrow night, will probably be played for the proverbial blood, and rates as one of the hottest battles of the tournament.

The boys' race, however, seems to lie between Columbiana and Salineville. Salineville annexed an easy decision over the Barbemen at Salineville last Friday, by a 29-17 score, but the Red and White court-men handed the villagers a reverse by about the same margin of victory earlier in the season. In all probability this pair will clash in the play-off for the championship, Friday night.

## Plans Completed For Mullins Fight Show; Appoint Judges

Everything was today reported in readiness for the Mullins Foremen's club fight show, to be staged at the Memorial building auditorium, Friday night. Contracts have been signed by all boxers and their managers, while forfeits, guaranteeing their appearance at listed weights, have been posted.

Young Rudy, Charleroi, Pa., will meet Fritz Anderson, Michigan State welter champ, in the final bouts of the evening, scheduled for eight rounds, two other eight rounders also being slated. U. S. Carpenter, Pittsburgh, clashes with Jimmy Perry, Alliance scrapper in the semi-final, with Frankie Susnell, Detroit, and Tony Leone, Dover, providing fast action in the first of the triple-windup features.

**Preliminaries**  
Joe Long, Alliance, will contest for the decision with Jack Frost, of Dover, in the six round prelim. The Porto Rican brothers, a pair of midgets from Alliance, have been carded by Promoter E. M. Murley, for an exhibition bout.

Dr. George "Gordy" Dunn and Harry Haver have been appointed judges by Murley. Each bout will

## Florists Drop Slow Game To Furnace Five

Posies Show Up In Final Half After Flashy Opening Attack

Electric Furnace quintet won the opening game of the city basketball league at the Memorial building gym, last night, defeating the McArtor Florists, 27-19.

The game for the first half was a close, hard fought battle, the Furnace-makers holding only a three-

point lead at half-time. This lead was increased to six counters at the three-quarters mark, and stretched still further in the final session.

The Florists, after the first two quarters, were unable to display any strong offensive attack. Seven points were all that the Posies were able to collect in the latter half, while the furnace crew ran up its total to 27. Vogel and Hays starred for the winners in the offensive phase of the struggle, Slinger playing a flashy defensive game. Jenkins and Kelley shone for the Flowers.

## ESSEX THE CHALLENGER

Twice now... in 30 days... production has had to be increased

Essex the Challenger sweeps aside the barriers of price class. It challenges the performance, the style, the luxurious roomy comfort of any car at any price, on the basis that no other car gives you back so much for every dollar you put in.

A glance at its 76 advanced features reveals at once why Essex excepts no car in its challenge. For point after point in fine car construction, performance and detail, brings you directly to costliest cars to find comparison.

With above 70 miles an hour top speed, Essex the Challenger, in thousands of demonstrations, is proving the endurance and ability to do 60 miles an hour all day long.

It is the finest, largest, roomiest, most brilliantly performing Essex ever built, and the price the lowest for which Essex ever sold—but little above the lowest priced car on the market.

That is why the acceptance of Essex the Challenger is the talk of motordom. Join the van of 1,000,000 Super-Six owners who are demonstrating its right and ability to challenge the best that motordom offers.

## In Playhouses Of Salem

The Oriental Fantasy, given its first showing at the Grand last night, was somewhat impressive, and a little better than the average class of shows of its type. It will be repeated tonight.

The feature picture, with Eddie Quillen starring in "Nolay Neighbors" was the real hit of the evening's program, and with a screen favorite, "Marked Money," starring Virginia Bradford billed for tonight, the program is expected to be greeted with still more favor.

**"MARKED MONEY"**  
Highlights of the new dramatic Pathe picture, "Marked Money" provides that tense drama, swift moving action, humor, thrills abound in the production. The picture plays the scale of emotions, shading from drama to melodrama, from comedy to pathos, from delightful romance to poignant tenderness, and always retaining its suspense and interest.  
No studied "comedy relief" in "Marked Money" but thrills inter-

Woman Took Lydia E. Pinkham's Vegetable Compound

Denver, Colo.—"I have taken six bottles of Lydia E. Pinkham's Vegetable Compound and will take more. I am taking it as a tonic to help me through the Change of Life and I am telling many of my friends to take it as I found nothing before this to help me. I had feelings at night that I could not sleep and for two years I could not go down town because I was afraid of falling. My mother took the Vegetable Compound years ago with good results and now I am taking it during the Change of Life and recommend it."—Mrs. T. A. Miller, 1611 Adams Street, Denver, Colorado.

**"SALLY'S SHOULDERS"**  
"Sally's Shoulders," the attractive film presentation by FBO of the novel by Beatrice Burton, which had millions of readers when it was published recently as a newspaper serial, has its last showing today at the Royal theatre.

With Lois Wilson in the principal role, portraying Sally, who takes upon her shoulders the thankless task of caring for a graceless younger brother and a feather-brain sister, the screen offering adheres faithfully to the published story which won so much popularity and has been a success throughout the country.

In the cast that gives excellent support to Lois Wilson are Huntley Gordon, George Hackathorne, Edythe Chapman and Lucille Williams.

**QUICK RELIEF FROM  
CONSTIPATION**  
That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 20 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative mixed with olive oil.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night to keep right. Try them. 15c 30c 60c.
